

Adolescent Substance Use Disorder Program

South Oaks Adolescent Substance Use Disorder Program serves adolescents 13 to 21 years of age who have high risk factors for a substance use diagnosis. The focus of the program is to enhance the journey of recovery by offering various supportive therapeutic interventions that will allow for an improved quality of life.

We also offer a program for family members of loved ones struggling with addiction whether or not that individual is seeking treatment.

Services we provide:

- Family, Individual, and Group Therapy
- Dialectical Behavior Therapy Skills
- Trauma Informed Treatment
- Vocational and Educational Assistance
- Psychiatric Evaluation
- Medication Assisted Therapies
- Medication Management

Treatment will be specialized based on the individual assessment of each patient and their family. All treatment modalities are evidence based for those who may be experiencing substance use behaviors.

Program hours of operation

Tuesday-Friday 2pm-10pm

Saturday 8:30am-4:30pm
